

Back to School

Dear Parents:

8/31/20

Welcome back to another school year! I hope you all had a wonderful summer. I am looking forward to meeting the kids and wanted to introduce myself to those of you who don't already know me. Soon, I will be posting a syllabus outlining grading policies and other important information, but for right now I wanted to touch base with my students and their families.

Communication will be crucial to a successful school year. During the year if you need to get in touch with me, e-mail is the fastest way since I don't receive phone messages until after school. You can also reach me by phone after school from 3:00-3:30pm. If you leave a message during class time, I will typically return phone calls within twenty-four hours. If you need to speak with me at another time, arrangements can be made to do so. Also, feel free send messages with your student any time.

Throughout the year obligations may arise that will cause me to leave promptly after school. However, your concerns are very important to me, so please make an appointment with me if you need to discuss your child's progress in person.

In order to ensure success, both parents and students should check grades at least weekly. ParentVue is available for checking your child's progress online. Friday evenings are the most updated time to check grades. In order to help students achieve their learning targets, students may correct any assignment as well schedule test retakes to improve grades.

Another helpful resource is my class webpage. There you will find the week's assignments, notes, digital labs, the Science textbook, & my contact information.

Finally, I look forward to working with you and your child this school year. Don't hesitate to contact me with any concerns or questions. In the meantime, I hope we all have an exciting year together.

Sincerely,

Phone: 541-830-6044
